

## Minutes M.D. Council of Starland, No. 47

The regular meeting of the Council of the Municipal District of Starland No. 47, was held in the municipal hall, on Tuesday, December 13th, 1949, at 10:00 a.m. Members present as follows: Reeve Waters, Dr. Reeve Heitner, Coun. Carter, Rowe, McLean and McLaren.

The minutes of the last meeting were read and approved, on motion of Coun. McLaren.

Moved by Coun. Carter and carried, that Fidelity Bros. be paid the sum of \$100.00, compensation for road taken for roadways S.E. 20, 30, 37-4.

Moved by Coun. McLaren and carried, that mowers, in the sum of \$2,000.00, be ordered from Richardson Road Machinery Company.

Moved by Reeve Waters and carried, that all allowances, debit and credit, for divisional expenditures, be cancelled, as at December 13th, 1949.

Moved by Coun. Carter and carried, that Reeve Waters, Dep. Reeve Heitner and Coun. McLaren be appointed to look into the purchase of a P.W.D. truck and to report at the next meeting.

Moved by Reeve Waters and carried, that H.F. Irwin be engaged as Field Supervisor as from January 1st, 1950, at a salary of \$2,500.00 per annum, plus \$50.00 holiday pay.

Moved by Coun. Rowe and carried, that one 100 tractor and diesel engine, to be purchased from the dealer, for the sum of \$5,500.00, \$4,500.00 cash, and the balance to be paid by November 1st, 1950. New reports to be given in stock to be sold to Mr. Chambers at retrograde.

Moved by Coun. Rowe and carried, that the S.W. 29 28 14 be selected for sale in one issue of the Drumheller Mail and the Delia Times. Tenders to be received up to noon on Tuesday, January 10th, 1950.

Moved by Coun. Rowe and carried, that subject to the approval of the Minister of Municipal Affairs, Lot 16, Block 3, Plan 2232 B.A., Metchik, be sold to Miss Norma M. McLean, for the sum of \$100.00.

Moved by Coun. McLaren and carried, that the sum of \$100.00 be paid to Glad, Bladen, to be charged against the S.E. 22-19-44.

Moved by Coun. Carter and carried, that the Reeve and Secretary Treasurer be authorized to sign contract with Canadian Liquor Air Company.

Moved by Coun. Rowe and carried, that this Council agree to the proposed annexation of this district of certain lands, as per list, now situated in L.D. No. 42, and that the Department be requested to obtain the required act certain locations on roads graded last season.

## Wedding Bells

### Beaton-Dmytryk

A quiet house wedding was solemnized in the home of Mr. and Mrs. John Dmytryk on Sunday, December 18th, at 10 a.m., when their younger daughter, Adrienne, was united in marriage to John, elder son of Mr. Adam Beaton and the late Mrs. Beaton. Rev. E. Davidson, pastor of Delia United Church, officiated.

Given in marriage by her father, the bride looked charming in a floor length white lace gown over satin, with lily point sleeves. Her head-dress was a beaded hair, which held in place a full length veil. Her only jewelry was a gold bracelet, a family heirloom. She carried a bouquet of Arum lilies.

Mrs. Dmytryk, mother of the bride, wore a costume of grey figured crepe, with a corsage of yellow roses.

At the dinner which followed, the table was centred by a three-tiered wedding cake and decorated with pink and white carnations. Fish and white streamers graced the rooms. Rev. Davidson proposed the toast to the bride, to which the groom responded.

Immediately after the dinner the happy couple left by motor for a short honeymoon in Calgary. For travelling, the bride wore a blue grey dress with green hat and matching accessories.

On their return, they will take up residence at Third Avenue West, in Delia.

## Sunbeam News

Miss Mabel Smith, from Drumheller, spent Sunday at the home of Mr. and Mrs. Harold Nelson.

Mrs. Grace Holland, Art Nelson and Bert Ridley visited at the home of Mr. W. Holland, in Drumheller, on Tuesday.

Ivan Anderson accompanied by his daughter, Melva, were visitors in Hanna on Wednesday evening.

Arthur Grenville went to Edmonton on Monday morning.

Bill Lee, from Drumheller, was a visitor in this district on Sunday last.

Mr. and Mrs. Stan Logan and son, Danny, left recently for various points on the Pacific coast.

Mrs. Wm. Hunter, Mr. and Mrs. Robert Hunter and family visited at the home of Mr. and Mrs. Alex. Hunter, of Big Valley, last Friday.

Douglas Grenville has trapped six coyotes during the past couple of weeks.

Daniel Clark, from Trail, B.C., has been holding Christmas meetings in Starland school during the past week.

Mr. and Mrs. Vernon Cunnison and Miss Grace Cunnison, of Morris, spent Wednesday evening at the home of Mr. and Mrs. Stan. Cunnison, of Sunbeam.

Mr. and Mrs. Art Bailey and family motored to Calgary and Olds during the week.

Mrs. Grace Holland left on Tuesday for Kamloops, B.C., and will spend the balance of the winter with her brother and sister-in-law, Mr. and Mrs. Harry Wamsley.

Ray Nelson returned to his home from Rocky Mountain House on Thursday evening.

Mrs. E. Davidson was a visitor to Calgary last week.

Bill Nelson of the Great Salt Lake is high because there is no outlet. The lake loses water only through evaporation, leaving only the salt.

The Indians in Canada are legally classed as subjects.

## Victor Women's Community Club Banquet

The members of the Victor Women's Community Club were entertained at a banquet at the George Grosse home on Saturday, December 10th, with Mrs. Grosse as hostess. The guests were served charmingly by Miss Della Grosse and Miss Betty Lou Farrell. Following the banquet, an evening of games and music enjoyed, with Mrs. Ross Smyth and Mrs. F. Herman capturing the prizes in the contests.

The banquet was a continuation of a year of various activities of the club, which included the neighborhood activities; supplying meals to the Community Association while the latter were engaged in their co-operative farming project for funds for a Community Hall, joining with the Association for the annual picnic for the same purpose; putting on the annual Christmas supper and novelty bazaar in the Victor School, and using the money so raised for various purposes—the Red Cross and church included.

Another activity this past summer was helping to arrange for a very interesting illustrated lecture on "Cancer," which was given in Chignik, B.C.

## Mr. Gardiner Protests

The British government is making an effort to keep the purchasing of Canadian farm products at as low a level as is possible.

This charge was made by the Dr. H. J. G. Gardiner, Canada's Minister of Agriculture, on two occasions during the past few weeks. He said that before World War II, Canada was Britain's chief source of supply for wheat and apples, also considerable quantities of pork, cheese, beef and other foods. During the war Britain relied on Canadian farmers for an abundant supply of meat, dairy and poultry products. During the last two years, Mr. Gardiner stated, there has been a deliberate attempt on the part of British officials to curtail purchases in Canada.

## Poor Quality This Year

### New Fur Receipts

Quality of the furs this year, less, lower due to weather conditions as warmer weather has interfered with the production and collection. Think quality is poorer. First receipts are showing hair, which is not often in evidence until January. Furs are not pricing as well as in other years. Fox, Squirrel, All in all, with lighter coats, poorer quality and a poorer market, dealers are not pleased with the state of the fur for this year.

The Alberta Fur Breeders Association has its 12th annual live animal show in Edmonton recently. The second live show is scheduled January 10-12, in the Massey-Harris building, Edmonton.

## Delia Residents Celebrate 67th Wedding Anniversary

Mr. and Mrs. V. B. Dechenne will celebrate their 67th wedding anniversary on Saturday, December 24th, 1949.

Mrs. Dechenne, formerly Della Ross, was born in Illinois in 1883, and Mr. Dechenne in the same state in 1861. They were married in 1882.

Coming to Washington in 1884, they moved to Delia, B.C., in 1885. Mr. Dechenne, later, they owned a hotel in Medical Lake. Coming north to Alberta in 1896, they homesteaded near Bahaw where they spent three years. In 1909, Mr. Dechenne homesteaded in this district, 15 miles northeast of Delia. He was appointed postmaster at that point, remaining so until the building of Delia. Victor district is named for him. Mr. and Mrs. Dechenne have five sons—James, San Francisco; Leslie, Medical Lake; Jesse and Frank, Calgary; Royer, Red Deer, and their daughter, Mrs. Wm. Waldorf, Peace River.

## SHOWER FOR BRIDE-ELECT

On Saturday afternoon, December 17th, in the annex of Delia United Church, a shower was held in honor of Miss Adrienne Dmytryk, a Christmas season bride-elect.

Mrs. Bob Milne and Mrs. John Marshall, who received the guests who arrived in such numbers that the annex was crowded to capacity. Mrs. J. Kary was M.C. of the occasion, presided with the singing of "O Canada," followed by community singing. The program included a recitation, and two duets: "While the Angelus is Ringing," by the Marshall sisters; and "Love's Old Sweet Song," sung by Mrs. A. Whitman and Mrs. Paul Eberly.

The guest of honor, who was seated in a beautifully decorated chair, received a multitude of gifts, far too many to be accommodated in a clever reproduction of Beaton's "Lost Market," which was the subject of a very amusing skit: Mrs. Paul Killian, pastor as John, and Mrs. Tom Marshall, as Mrs. Clarence. Dressed in white smocks, khaki slacks, and complete with aprons, the two conducted a dialogue connected with the butcher trade. Customers arrived, and were served with the little paper packages so easily famous nowadays.

Mrs. Wm. Greer, Mrs. Mac. Sinciner and Miss Josephine Marshall assisted in unwrapping the numerous gifts, which included a satin-bound blanket bed-throw, gift of the hostesses and a case of Rogers 1847 famous silver.

Miss Dmytryk gave a very nice thank you speech to her friends, and a bounteous lunch brought the occasion to an end.

## A Grateful Tribute

THE WORK OF THE RED CROSS SOCIETY goes on at all times and its benefits are felt by people in many ways of life and under all circumstances. While the peacetime activities of this great organization are extensive, and its service to humanity never diminishes, it receives more attention from the public in time of war, when the need for its aid is felt. It provides is especially great. It is doubtful if there was any community in Canada which did not have its Red Cross group during the war, and many thousands of women worked tirelessly to provide comfort and necessities for the armed forces and for civilian victims of the war.

### An Instance Of Friendship

Recently the Canadian Red Cross in Britain closed down after ten years of service in that country. In commemorating that event, the London Times published a leading article under the heading "Help From Canada." The latter language of practical friendship and gratitude is a fitting tribute to the Canadian Red Cross, which is, among other things, a research centre for rheumatic-cardiac conditions in children. All this work and its service in blood, communitarian, and all workers of the world, Canada, and, on this side of the Atlantic, thousands of men and women remember gratefully the benefits received through this great, spontaneous willing-up of Canadian generosity.

### Is Appreciated By Many Here

This tribute will be appreciated by the many people in Canada who have supported the work of the Canadian Red Cross Society, and by those who were associated with the activities which were carried on in Britain during the war. It is always to be hoped that there will be no further need for that reference to "the Times," but that gracious expression of appreciation serves to remind us of the very worthwhile results of the work of the Red Cross. It should also serve to impress upon us the need to give unrelenting support to this organization which does so much to relieve suffering and provide comfort.

## Herd Of Thirty-One British Goats Arrive In Canada For B.C. Farm

**WINNIPEG**—False rumors concerning the rabbit tables of goats and their habit of eating turnips and hills passed through rural Alberta. The goats, which are among other things, a research centre for rheumatic-cardiac conditions in children. All this work and its service in blood, communitarian, and all workers of the world, Canada, and, on this side of the Atlantic, thousands of men and women remember gratefully the benefits received through this great, spontaneous willing-up of Canadian generosity.

Among the 31 goats on the way to the west coast from England was Patsy, the droop-eared Nubian recently published in a magazine. This showed great interest in this region's eye, but Miss Ann Ryle, who is in charge of the goats, declared that goats like this are actually not doing anything.

These goats, which are among other things, a research centre for rheumatic-cardiac conditions in children. All this work and its service in blood, communitarian, and all workers of the world, Canada, and, on this side of the Atlantic, thousands of men and women remember gratefully the benefits received through this great, spontaneous willing-up of Canadian generosity.

The goats, property of Mrs. May Stanley, will be used for milk production, and for the 40-acre farm at Nanaimo, Miss Ryle visited in Levee, Gov. during the goats' 30-day quarantine period.

## Baptists May Take Over Church Of Presbyterians

**CORDOVA, Alaska**—The Presbyterian Church of Cordova may have passed out of a whole existence of Presbyterianism.

The move is part of a proposal of the local Baptist Church. The Baptist Society would take over operations of the Cordova Community Hospital. The Baptists offered to operate the hospital, which is a small one, and they also take over the local Presbyterian church.

The Baptists also have agreed to repay the Presbyterian church for the original grant which was built. Final approval of the plan must be given by the United Presbytery.

## Head The Gift List

"We want to buy a silver coffee pot for presentation to our friend. What do you suggest?"

"In that case, gentlemen, I'd better show you something with a long spout."

## Sees Atomic Fuel Available In Ten Years

**MONTREAL**—Dr. David Keays, president of the National Research Council in charge of atomic energy projects in Canada, says it is highly probable that useful power from atomic energy will be available in "five to 10 years."

However, he said, it was not possible to say when it would be available, but it was possible to say when it would be available.

When the process has been perfected, he said, it will be possible to use atomic energy to produce electricity.

Dr. Keays forecast the use of uranium 235 as fuel for submarines and aeroplanes and of atomic energy for the purpose of light, heat and power.

"By the time our great grandchild is born, he will be able to see that coal will be gone."

West Receives Large Amounts From Insurance

By The Canadian Press  
Of the total of \$100,000,000 coming into Canadian pocketbooks in that form last year.

It is, too, largely "hot" and "cold" money—spent for necessities, and so goes into the money market of a country's life.

Food, clothing, housing, education, and so on, are the main items of expenditure.

While a large portion of it goes to the government, the rest is spent on the death of a policy-holder, but the rest is spent on the death of a policy-holder.

It is the first nine months of this year, for instance, Canadian families have lost more than \$100,000,000 in the 50-odd Canadian, British and United States life insurance companies.

## To Live Long Eat Less And Relax Advances Heart Specialist

PHILADELPHIA—Blood-pressure is cutting its short for millions because of man's indifference and ignorance.

A prominent Philadelphia heart specialist says the average person doesn't take care of himself. He takes too few baths, takes too much of the wrong food, practices too much exercise and doesn't believe in relaxation.

"That's what really kills people," explains Dr. Edward L. Barts, president of the American Medical Association. "They wear out their bodies in 30 years, then die in 40."

Dr. Barts points out that in China, Africa, and India—where the white population is the greatest—few deaths of four infants die within a year of birth.

"That's because the people in those countries have no blood-pressure," explains Dr. Barts. "They need public health measures."

"In the United States," Dr. Barts says, "people are overfed. They eat too much, they don't exercise, and they live longer and live longer."

"But the average person doesn't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

## Expert Believes Balanced Farming May Be Solution

OTTAWA—A United States agricultural expert said that balanced farming may be the solution to the problem of the farmer's income.

Dr. Barts points out that in China, Africa, and India—where the white population is the greatest—few deaths of four infants die within a year of birth.

"That's because the people in those countries have no blood-pressure," explains Dr. Barts. "They need public health measures."

"In the United States," Dr. Barts says, "people are overfed. They eat too much, they don't exercise, and they live longer and live longer."

"But the average person doesn't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

"That's the mistake, mainly because they don't know what to do. They eat too much, they don't exercise, and they live longer and live longer."

**CHRISTMAS, 1949**  
Another year has rolled around and again we give thanks that, in spite of the gloomy outlook of pessimists, here in Canada we yet remain at peace and with goodwill to all mankind.

It weaves a magic spell about us, which grows more mystical with each succeeding year.

It comes as a Greeting out of the distant past, which echoes and re-echoes back across the ages.

While kingdoms rise and fall; while men and women move in the pattern of their generation.... all thinking men are drawn to the Christmas message.... PEACE AND GOODWILL TOWARDS MEN

It weaves a magic spell about us, which grows more mystical with each succeeding year.

It comes as a Greeting out of the distant past, which echoes and re-echoes back across the ages.

While kingdoms rise and fall; while men and women move in the pattern of their generation.... all thinking men are drawn to the Christmas message.... PEACE AND GOODWILL TOWARDS MEN

It weaves a magic spell about us, which grows more mystical with each succeeding year.

While kingdoms rise and fall; while men and women move in the pattern of their generation.... all thinking men are drawn to the Christmas message.... PEACE AND GOODWILL TOWARDS MEN

It weaves a magic spell about us, which grows more mystical with each succeeding year.

It comes as a Greeting out of the distant past, which echoes and re-echoes back across the ages.

While kingdoms rise and fall; while men and women move in the pattern of their generation.... all thinking men are drawn to the Christmas message.... PEACE AND GOODWILL TOWARDS MEN

The spectacle of stores and shops crammed with merchandise and crowded with eager purchasers, should remind any reflective observer how fortunate we are to be living in this young and thriving country, free of the doubts and fears that live so heavily across the lives of so many in less happier lands.

It is a sad truth that racial, religious and political persecution is rampant in a large part of our world today; where the message of the Prince of Peace is derided in the hearts and minds of oppressors. All the more reason that we who dwell in safety and shelter in the broad lands of the western hemisphere may give some thought to giving, where possible, practical evidence of our Canadian goodwill to those, less fortunate who live in distant and far off lands.

By such action and in that spirit, we may best witness to the living truth of the gospel of He whose birth we celebrate these centuries after His sojourn on this earth.

### Local and District

Mr. and Mrs. Walter Scott, of Calgary, were visitors at the farm for a few days last week.

Mrs. Bob Millie returned home on Monday, after spending a few days in Calgary visiting friends.

Sam Thompson was a visitor to Drumheller for a couple of days last week.

Lorna Hoover, who is taking a business course in Calgary, came home for the holiday season last week end.

Jimmy Martin, who is working with an oil crew near Edmonton, was home over the week end.

There was a temporary break in the cold snap of the past few days on Tuesday, when the wind from the west raised the temperature well above the zero mark. The respite was short-lived, however, for on Wednesday morning the wind had veered to the northeast and there was a light snowfall.

**Card of Thanks**  
We wish to thank the many friends for all the kindness shown to us during our recent illness. We wish to especially thank those who contributed toward the two bouquets of flowers, also to those who sent gifts and cards, and to those who helped us in so many ways. With many thanks and appreciation.

Mr. and Mrs. W. L. Tario.

Three months for producing pure milk are clean, healthy cows; clean, sterilized utensils; prompt milking and storage at a low temperature.

In the past four years, Canada's population has increased by around 1.5 million people, requiring an additional 200 million pounds of meat to satisfy domestic demand.

## Merry Christmas and a Happy New Year

People everywhere pause and listen as this old familiar cry once more echoes around the world, in countless homes and in varied tongues.

Customs change, but this Greeting still remains the same as it has been for almost two thousand years.

May we take this opportunity to again extend to you and yours those same good wishes. We hope you will enjoy in good measure all the happiness and joy traditional with the Season, and that 1950 may bring you an abundance of health and prosperity.
